MODERN FIRE SYSTEM FOR ALEXANDRIA URGED

Committee Would Prevent Rating of City as Second-Class Rate.

THE HERALD BUREAU, 1415 King Street.

Alexandria, Va., Oct. 7.—Installation of a modern fire alarm system and appointment of a fire inspector for buildings and an inspector of electric wiring are recommendations made by a citizens' committee, of which W. Albert Smoot is chairman, to the joint committee on finance, fire and public property of the City Council. It is expected that this committee shortly will present the matter to the City Council for action.

The foregoing recommendations are among the suggestions made by the national board of fire underwriters for this city. It is stated that the board contemplates making Alexandria a second-class fire risk instead of a first-class risk, as it now is rated, unless its recommendations are carried out.

W. C. Hudson, superintendent of the Washington division of the Southern Railway, with offices in this city, has been transferred to the position of superintendent of the Asheville division of that road to become effective at midnight.

The hearing is on behalf of this city for the proposed \$11,000,000 armor plant. Representative C. C. Carlin today notified J. T. Preston, secretary of the Chamber of Commerce, that the hearing had been postponed until the foregoing date.

Members who will go to Washington on Thursday are requested to meet at 10 o'clock Thursday morning in the rooms of the Chamber of Commerce. All will go in automobiles.

Sidney Douglas, 913 Cameron street. It is expected that the funeral will take place from their home at 4 o'clock Monday afternoon.

Burglars several nights ago entered the home of Mrs. Stacy Snowden, at Snowden's Station, and Thomas Burroughs, Herbert Springs, Fairfax County. At Mrs. Snowden's home they ransacked a number of drawers and carried off small articles. A pistol was stolen from the residence of Mr. Burroughs.

The funeral of George E. Hepburn will be held at 4 o'clock Monday afternoon at his home, 403 Fairfax street, and will be conducted by Rev. John Lee Allison, D. D., pastor of Second Presbyterian Church.

CARICATURES FEATURE MAHONEY EXHIBITION

A special exhibition of cartoons and caricatures by Felix Mahoney, the local artist, is being shown by the Corcoran Art Gallery.

Caricature of Washington artists are done in Mr. Mahoney's own individual formal style, wherein one sees the subject in all of his characteristic with such force that you at once recall the man intimately.

It is the individuality or subconscious self that Mr. Mahoney finds and depicts in his caricatures.

These caricatures are made doubly interesting by the use of color. The first caricature is that of Michael Jacobs. This furnishes the key to the color scheme used in those following. The artist, Prof. Andrews, designated by Mr. Mahoney as "My Friend and Teacher," Messrs. Max Wexl, Messer, Brooks, Maney, Mosher, Berryman, and his Teddy Bear, George Gibbs, Mills Thompson and Spencer Nichols.

His cartoons are delineated with equal force of line and subject; full of action and punch, driving home the question at issue.

Political Notes

Newark, N. J., Oct. 7.—Newark intends to do itself proud in welcoming Charles Evans Hughes next Monday when he will be the first speech of his third speaking tour. He will motor from the Astor Hotel, starting at 10 o'clock, and will drive to the car shops of the Public Service Railway Company, in Ferry street, Newark. There he will be met by a squad of mounted police and escorted to the Robert Treat Hotel. He will speak from the balcony in Military Park at 12 o'clock. Franklin Murphy, formerly governor of New Jersey, presiding. A band concert for an hour is to precede the speaking. Mr. Hughes will lunch with a few persons, but afterward is to receive the members of the Republican and Progressive county organizations.

New York, Oct. 7.—Bathbridge Colby, the unreconcilable Progressive, is to start his speaking tour in behalf of President Wilson next Monday at Chicago, where he addresses a noon day meeting. From there he goes to St. Paul, Minn.; October 10, Grand Rapids, Mich.; October 11, Des Moines, Iowa; October 12, Lincoln, Neb.; October 14, Denver; October 15, Los Angeles; October 18, San Francisco; October 21, Portland, Ore.; October 23, Seattle. He is also to make a number of speeches on his way back East, where he will do some campaigning in his own behalf as a candidate for United States Senator on the Progressive ticket.

New York, Oct. 7.—Having compelled the Republican State Committee to give the Progressives eight of the forty-five Presidential electors from this State—after it had said with emphasis that it would not—George W. Perkins' next task is to get the Progressive State Committee together to endorse the Republican electors. There will be loud protests from John J. O'Connell, chairman of the Progressive Committee, of New York County, as well as from Robert H. Elder, who succeeded William Hamlin Childs as chairman of the Kings County Progressive Committee. They will insist that the agreement they entered into with Mr. Childs, W. H. Hotchkiss and Horace L. Wilkinson, at Syracuse last July, when the Progressive Hughes boomers were routed by a militant majority, shall hold good. That agreement was that if the anti-Hughes element in the State committee permitted an adjournment no attempt would be made to call the State committee together.

Why Society Women Wash Their Own Hair

Few realize how many society women now wash their own hair, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. The thousands who have found that in washing the hair it is never wise to use a makeshift but is always advisable to use a preparation made for shampooing only, say they get the best results from a simple home-made canthorix mixture. You can enjoy this, the best that is known, for about three cents a shampoo by getting some canthorix from your druggist, and dissolving a teaspoonful in a cup of hot water. Your shampoo is now ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its justice and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.

NEW EDITOR EACH MONTH

Home Club Bulletin Inaugurates Strange Policy.

The Home Club bulletin, a periodical published by the Home Club of the Department of the Interior, has adopted a policy which sounds strange to the ears of the average journalist. It changes its entire editorial staff from managing editor down each month.

This gives the various members of the club an opportunity to try their skill at editing and also offers no one the excuse that he is tired of either editors or editorial policy. If there is a new editor each month, it is believed that no one can "kick" against the staff for by the time the "kick" is registered, the staff has changed.
